<font size=3>decisions against Trump were handed down</font><br/><font size=-3>Posted by alisawhite123 - 2020/12/03 14:31</font><br/><font size=-3>_____</font><br/><font size=-1><br/>Biden held a comfortable lead in the polls throughout the campaign, and made almost no campaign appearances to avoid events that could spread the coronavirus. <br/> <br/>Moments after the speechﹾs release on Facebook and Twitter, the two social media companies flagged the video. Facebook noted that Biden had been declared the winner of the election, while Twitter warned users that the fraud claims Trump made in the video were ﹾdisputed. ﹾ <br/> <br/>Since Biden was declared president-elect, Trumpﹾs social media posts have been repeatedly flagged, a fact that hasnﹾt stopped him from making them. Central to his argument that he was ﹾrobbedﹾ is his apparent belief that while voter fraud was not new, especially in cities like Philadelphia and Detroit, this year it skyrocketed due to the increase in mail-in voting. <br/> <br/>ﹾThis colossal expansion of mail-in voting opened the floodgates to massive fraud, ﹾ he claimed. <br/> <br/>Although all the key swing states where Trump claims victory have certified their results in favor of Biden, the president continued to insist that he would somehow come up with enough votes to overturn those results. Of Wisconsin, for instance, he said: ﹾWe will have far more, many times more, than the 20, 000 votes needed to overturn the state. ﹾ <br/> <br/>Trumpﹾs campaign has already paid $3 million for a partial recount in Wisconsin. The results increased Bidenﹾs lead there. <br/> <br/> <br/> <br/> <br/> <br/> <br/> <br/> smokingusacigarettes.com]Newport Pleasure</font><br/><font size=-3><br/>==========<br/><br/></font><br/>
