Aerospace engineers typically find themselves limited by regulatory restraints: Because of
safety concerns, the Federal Aviation Administration doesn♦t let airplane manufacturers go wild
and crazy with their designs for commercial airliners.

Titleist 915 D3 Driver "The
idea is not to change the playability of the golf course," he said. The traps are "head and
shoulders the most talked about item" for the course's dedicated golfers.

Callaway
Apex Pro Forged Irons They never argue about the 200,000 rules of golf they used to know by
heart. They might not remember one or two of them
