Wall painting
Posted by kata55 - 2017/01/21 17:08
_____

I have a cat in my house but he likes to scratch my things. I&#65533;m scared about my walls. Do you
have some idea?

_____

You can use something hard as cover for lower parts of walls but it would be better if you ask someone who repair walls. I heard that goodservice.ca repaints walls in Toronto so maybe they know some solution for your problem. I would ask them about harden the paiting walls.
