Tag Heuer Grand Carrera RS Calibre 17 Review

One of the best models among the numerous lines of TAG Heuer Watches Grand Carrera collection is the Tag Heuer Grand Carrera RS Calibre 17. Like the Rolex Submariner, fashion watch brand Michael Kors Rose Gold Watches It is quite distinct from the rest because of its trendy looks and contemporary sophisticated designed; which is reminiscent of the original 1964 Grand Carrera design of Tag Heuer wristwatches.

However, what sets the Chronograph RS Calibre 17 apart from the original model is that it is now well equipped with state-of-the-art machineries and the latest technology in automatic chronograph for wristwatches; thereby significantly increasing its usability factor amidst the classy quite complicated looks.

Some of its amazing features include the commanding GT-inspired two rotating system machines that make this sophisticated time piece very powerful; thereby providing users the unique experience of easy access to accurate time at a glimpse. Moreover, its highly delicate interior parts are well encased in a sturdy and strong metal casing that is very light in weight, and yet sturdier than steel my as much as two to three times; thereby giving owners the assurance of durability and more years of enjoyment on it use.

Additionally, the Tag Heuer logo is handcrafted with utmost expertise that exudes luxurious looks with a touch of elegance and trendy style; and its dials are fully decorated with sapphire crystals with anti-reflective properties that provide luxury at a glance. This model of Grand Carrera collection has push button clasp with oversized screws on its crowns; creating stylish looks that truly makes the wristwatch a masterpiece in time pieces.

Aside from that, Tag Heuer Grand Carrera RS Calibre 17 is COSC certified; giving you further assurance on its durability and extreme quality. COSC is an abbreviation of Control Officiel Suisse des Chronometres. Translating this in English, it means Official Swiss Chronometer Testing Institute; a Swiss certification body that evaluates the quality of watches in Switzerland based on their strict standards of evaluation.

Hence, wristwatches bearing this mark give you further assurance that your investment on the purchase of Tag Heuer Grand Carrera RS Calibre 17 is going to be truly worth the amount you paid for it. The suggested retail prices usually average from US $5,000 to as much as $9,000 per watch in most authorized dealers; but you can check other stores that also offer huge discount; thereby giving you great savings on your planned purchase.
